Thanks for your reply. As requested: see attached. The first pdf explains my question about a statement to be issued October 14<sup>th</sup>. These 3 attachments are public documents from the Court filings in the 9<sup>th</sup> Circuit. Not intending to put you on the spot at all. I simply assumed you were to be tasked with preparing the requisite documents.

My question is simply whether there will be a Federal Register notice, or some other public statement posted on the website, etc.

Hi Larry,

Can you explain to what you're referring (e.g., what's your source for such intent)? Generally, regardless of whether or not such an action is occurring, it's not generally something to which we'd speak (i.e., providing information prior to an announcement).

Dave --

Hope you are doing well. I left you a vmail on your office line a few minutes ago. Trying to confirm that it is the Agency's intent to issue a Federal Register notice on October 14<sup>th</sup> regarding the TSCA 21 Petition for PFAS, or whether the statement EPA intends to release on that date will take a different form.

Can you advise? Feel free to call if simpler for you.
